Dear sir,

Based on the first level of screening the following are the shortlisted candidates resume for your reference. Their internship can be done online till January end and from february offline based on your requirement. Requesting you to provide an internship opportunity for the students from November 2024 to April 2025. Also requesting you to issue a internship confirmation letter and a completion letter on successful completion of the internship.

Dear Madam,

I hereby confirm the acceptance of the students for training under my guidance according to the list of students provided by you. The training may be considered to start from December 5th and is likely to continue till mid May, 2025. The training is in virtual mode to begin with, but based on the progress made and requirements of hosting/data sharing, students may need to continue in hybrid mode towards the end of the project period.

I had already discussed the scope of the project with the students and told them about the technologies involved. The specific roles of individual students will be assigned upon commencement of the project.

Do reach out to me if any further clarifications are required in the matter.

सधन्यवाद / Warm Regards,

गौरव कुमार / Gaurav Kumar
